

As regards setting up of new AICTE approved institutions, it is stated that the AICTE itself doesn't set up any-technical institution, it only grants approval for establishment of technical institution to those applicants, who fulfill the norms and guidelines of the Council for establishment of new technical institutions. In Andhra Pradesh there is however, a proposal to set up School of Panning and Architecture in Vijayawada in the Central sector.

Students in higher education

†2736. SHRI RAM JETHMALANI:
DR. MURLI MANOHAR JOSHI:

Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether it is a fact that at present there is facility to provide education to only an average 68 persons per one lakh population in higher technical education system in the country;

(b) if not, the facts in this regard and this percentage at national level;

(c) whether it is also a fact that in many States in the country there are less arrangement in comparison to the said average; and

(d) if so, the names of such States alongwith the extent of facilities available in each State?

THE MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRIMATI D. PURANDESWARI): (a) to (d) According to All India Council for Technical Education (AICTE) intake per one lakh population for the year 2006-07 (as per projected population of 2006) in AICTE approved degree level technical institutions is 68 and diploma level technical institutions is 31. Details of the States having enrolment capacity less than the national average of 68 in degree level technical education courses and less than 31 in diploma level technical courses alongwith details about extent of facilities available in those States are in statement.

†Original notice of the question was received in Hindi.
